June 1, 2021

Pursuant to the [May 27, 2021 Proclamation of Disaster Emergency](#) issued by Governor Kim Reynolds (currently effective through June 26, 2021) and 2020 Iowa Acts, House File 2627, the Board has been granted authority to issue a pharmacist license and defer the requirement for completion of the MPJE-Iowa edition for candidates for license transfer to Iowa.

Pharmacists identified on this list have been granted an emergency pharmacist license to practice in Iowa pursuant to the regulatory relief provided by Governor Reynolds. The pharmacists must comply with the Board's rules or guidance as it relates to any licensure component that was deferred due to the Governor's emergency action or by statutory authority.

A pharmacist who has been issued a pharmacist license pursuant to this authorization may practice pharmacy to the full extent a permanent license would allow. The license status of a pharmacist granted an emergency license will be displayed as "TEMP current/active" when using the [Board's License Verification system](#). As a pharmacist completes the deferred requirement(s), the license status will transition to "current/active." Alternatively, if a pharmacist fails to achieve a passing score on a required exam, the pharmacist's license will be rescinded. This list will be updated periodically and posted to the Board's [COVID-19 Information and Updates](#) web page.

Pharmacists whose license status is "TEMP current/active" are not eligible to apply for the National Association of Boards of Pharmacy's (NABP) Passport Program or License Transfer Program.

TEMP current/active Iowa Pharmacists:

Martin, Lee A
Mitchell, Ammon
Warren, Jennifer
Xue, Ivy
